Subject: Request for Proposal (RFP No.08/MOT/2025): Construction of a Hall, a Kitchen and a Shelter at Ndindane Secondary school – Nkomazi Municipality -Mpumalanga, SOUTH AFRICA.

1. Background:

The Mozambique Transmission Company- MOTRACO - is a limited liability company incorporated in Republic of Mozambique in 1998. The companies are a joint venture of Electricidade de Moçambique (EDM), Eskom holding (Eskom) and Eswatini Electricity Company (EEC). MOTRACO was created as a vehicle for co-operation with the primary objective of building, owning, operating, maintaining the Transmission system, and supplying electricity to the Mozal aluminium smelter in Mozambique and wheeling power to EEC and EDM.

2. Contextualization:

MOTRACO, under corporate social responsibility for the financial year 2025, intends to fund a project for the construction of below School's infrastructures in the Ndindane Secondary school at Nkomazi Municipality, South Africa:

1. School Hall
2. School Kitchen
3. Assembly Shelter

The bidders are requested to submit separate quotations for each facility, as detailed below:

3. Scope of work:

3.1. School Hall

The school requires a multi-purpose hall that will be used during examinations, school and community events, as well as a dining hall for the National School Nutrition Program.

3.1.1. Specifications

- Suitable flooring for various activities.
- Accessibility considerations, including ramps and entry points for persons with disabilities.

The project and construction Drawings are attached to this document.

3.2. School Kitchen

The kitchen is one of the key requirements to ensure that the school prepare food for learners in a safe and healthy environment. The kitchen should be a fully functional kitchen and meet the hygiene and safety requirements standards for school food service facility.

3.2.1. Specifications

- Proper plumbing and waste management systems.
- Sufficient space for staff to prepare meals and store cleaning supplies.

The project and construction Drawings are attached to this document

3.3. Assembly Shelter

The shelter is to be used during rainy days or days where the weather is not well.

The project and construction Drawings are attached to this document

Format of proposal:

3.4. The proposals must be detailed and present the following:

- Detailed separate quote for each component of the project (i.e. School Hall, Kitchen and Assembly Shelter).
- A clear breakdown of costs, including labour, materials, equipment, permits, and other associated expenses.
- Detailed timeline for the construction process for each project.

- Description of safety measures to be implemented during construction.
- List of Previous projects similar in scope, particularly in education infrastructure, at least 2 references.

3.5. Bidders shall submit the following information and documents:

- Company registration details and profile.
- References from the market;
- Relevant experience and qualifications;
- Work plan;
- Other support documents.

4. Clarifications and site visit:

All clarifications will be given shall be submitted by email to MOTRACO to the attention of:

- Name: Virgilio Laisse: Operations Engineer
- Email: Vlaisse@motraco.co.mz
- Cc: esitoe@motraco.co.mz

A mandatory site visit for additional clarifications is scheduled for 11 o'clock 19 February 2025.

5. Closing Date:

The proposals must be submitted no later than 03:00 PM o'clock of 11th March 2025.

Regards

Adérito Sousa
