TO WHOM IT MAY CONCERN

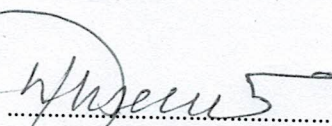

We are requesting for assistance with one or more of the following infrastructural development in our school, listed below in order of our preference.

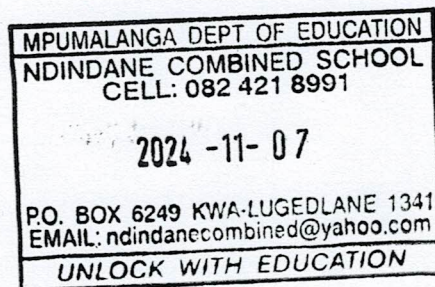

1. **School Hall**: this is necessary to help the school during examinations where the learners could write free and irregularity free exams. The hall will be accessible for use by our community for various community meetings like local council meetings, campaigns and general awareness. It can be used by ESKOM during their safety campaigns, promotions and community engagements. It can also be used by the school community for internal meetings, morning assembly and also as a dining hall for the National School Nutrition Program (NSNP).
2. **School Kitchen**: the kitchen is one of the key requirement to ensure that we prepare our food for learners in a safe and healthy environment. We are currently preparing the NSNP food in a makeshift kitchen that is not conducive for preparing healthy food.
3. **Assembly Shelter**: the assembly shelter is very necessary because it will provide shelter during rainy days or days where the weather is not well. It can also be useful during emergency. Currently we are assembling on the open across all weather conditions. This may not be necessary if the first two are realized.

We have many requirements as reflected in our attached school profile but we can be happy if these ones reflected above could be prioritized in your plans for helping us.

We hope our request will reach your favourable considerations.

Yours faithfully

VL Thabethe (Principal)

10. SCHOOL BACKGROUND

- The school is allocated at BLOCK A trust in Nkomazi Municipality where most parents are poor of the poorest, who cannot afford to pay School Fees, to buy Uniform and even to buy food for their learners. Some of these parents depend on their children's grant maintain to their families. Most parents do not afford to pay School Fees, which makes it difficult for the school to operate. The school is experiencing extreme financial constraints. Ndindane was established in 1992 at Zibokwana and in 1993 a group of learners from grade 1-7 was separate from Zibokwane Primary to form Ndindane Primary school with about 9 teachers, Ms F.L Maphanga was the Acting Principal until 1997.
 - In 1998 Mr KS Sibiya became the Principal until 2004, and in 2004 October Mr ME Luphoko took over as Principal until April 2007.
 - Mr V.L Thabethe took over from Mr ME Luphoko on the 16th April 2007 to date.
 - It started as a Primary School and later in 2006 it was changed to a combined school that started from Grade R-12.
 - Ndindane Combined have their first matric in 2010.
 - From 2022 it changed to a secondary school starting from grade 8- 12 with 26 teachers

11. INFRASTRUCTURE

CLASSROOM	COMPUTER ROOM	ADMIN BLOCK	Enviro loo TOILETS FOR LEARNERS	FLUSH TOILETS
16	0	1	16	4

12. INFRASTRUCTURE NEEDED FOR FURTHER DEVELOPMENT

12.1 SCHOOL HALL

Our school is desperately in need of a School Hall to help us even to hold parents meeting and other gatherings.

12.2 CLASSROOMS

There is a serious shortage of at least eight Additional Classes. Our learners are overcrowded in classes at average of 56.3 learners in each class and as result effective Teaching and Learning is disturbed

12.3 SCIENCE LABORATORY

This school is a science school but we do not have science laboratory. We are in dire need of this facility.

12.4 LIBRARY

We have recently introduced an enhanced program of RRR (Reading Writing and Arithmetic). We really needs a library to realize our dream of improving the standard of our education.

12.5 KITCHEN FOR NATIONAL SCHOOL NUTRITION PROGRAMME

We do not have a proper cooking and eating hall for our children. They eat in the open even on rainy days.

12.6 COMPUTER CENTRE

Our school wants to introduce IT but we are unable to introduce it due to financial constraints.

12.7 WATER

Water is sometimes a problem and we are desperately in need of a borehole and JOJO tanks reservoir.

12.8 DUPLICATOR

We do not have a duplication and photocopying machine.

12.9 ASSEMBLE SHELTER

Our learners are assembling on an open space, as a results the hot summer days and rainy give us problem. Our school is desperately in need of this structure to help us even to hold parents meeting and other gatherings.

12.10 FOOT BRIDGE FOR LEARNERS

We are situated across marshy wetland that makes it difficult for our learners to cross coming to school particularly during raining seasons. This situation is very hazardous for our learners.

13. RECOMMENDATIONS

As the school we can be happy if our Department of Education can help us with any of this areas of concern mentioned in figure 12.1 to 12.9 above, with first priority being classrooms.
